EPA REGION III

Subject: Request for Termination of  
PPG Industries Works 5  
EPA ID Number PAD004336350

Dear Mr. Gotthold:

PPG Industries, Inc. respectfully requests termination of EPA ID Number PAD004336350 associated with the former PPG Industries Works 5 in Ford City, Pennsylvania.

PPG Industries Works 5 no longer exists. The facility was completely dismantled in 1994 after having been inactive for several years.

PPG Industries Works 5 was never a RCRA permitted treatment, storage, or disposal facility. When RCRA regulations became effective, PPG filed (November 1980) a precautionary application to store hazardous waste at the facility. After the RCRA regulations were more clearly defined, we requested (May 14, 1982) that the application be withdrawn, and EPA returned the application (May 17, 1982). Copies of the following, relevant correspondence may be found in Attachment A:

- Part A Application November 12, 1980
- EPA Acknowledgment
  - ▶ Letter (page 1), EPA Region III to Mr. Joseph R. Meisenheimer January 21, 1981
  - ▶ Letter and attachments, Shirley D. Bulkin, EPA Region III to Joseph R. Meisenheimer July 24, 1981
